

# No Cows On the Ice

## Wire

Is it true? It's enough for you  
Is it true? Or as before  
Is it true? You still need more  
Is it true? No marks are left  
Is it true? Upon the snow  
Is it true? No one will knowNo cows on the ice  
Every dog has its day  
Whilst the cat's away  
Blind mice will playCan it be? And is it true?  
Or can it be? There's nothing new  
Or can it be? It's new to me  
Or can it be? You milked the moon  
Or can it be? You jumped too soon  
Or can it be? You milked the moonNo cows on the ice  
Every dog has its day  
Whilst the cat's away  
Blind mice will playNo cows on the ice  
Every dog has its day  
Whilst the cat's away  
Blind mice will playIs it true? Your days are long  
What was right has become wrong  
In a room without a view  
Your past slips by, no calls come throughNo cows on the ice  
Every dog has its day  
Whilst the cat's away  
Blind mice will play
