

Go 2 Sleep

Ludacris

Go to sleep hoe, go to sleep, go to sleep hoe, go to sleep
If you tired be quiet and go to sleep hoe, go to sleep
Go to sleep hoe, go to sleep, go to sleep hoe, go to sleep
If you tired be quiet and go to sleep hoe, go to sleep
Go to sleep hoe, go to sleep, go to sleep hoe, go to sleep
If you tired be quiet and go to sleep hoe, go to sleep Man, I tell a hoe to go to sleep (Go to sleep)
They turn around and frown, gotta make 'em six feet deep
'Cause we knock 'em unconscious with that non-sense
Read in between that fine print, think about lyrical content
Then about where your time spent
Mess around get your guys hit, a ten hut!
I send three-six ol' shit, nigga what?
If ya tired ya tired, if ya snooze ya lose
But you won't wrap up ya bandages, or heal ya wounds Nigga I got shotty's and semi's, I love 'dro and Henny
I'm brown and skinny, but I've fucked up so many
I got QP's and halves, if we beefin' I blast
You sleepin' I laugh, ask Tip, I'm off the rip
I had this hoe who talked too much, I had to off the bitch
2-0, Mr. Crayola, niggas know what I mean
'Cause I slang brown, white, yellow, purple and green
And all you faggot-motherfuckers gotta know the routine Go to sleep hoe, go to sleep, go to sleep hoe, go to
sleep
If you tired be quiet and go to sleep hoe, go to sleep
Go to sleep hoe, go to sleep, go to sleep hoe, go to sleep
If you tired be quiet and go to sleep hoe, go to sleep
Go to sleep hoe, go to sleep, go to sleep hoe, go to sleep
If you tired be quiet and go to sleep hoe, go to sleep Go to sleep hoe, go to sleep, go to sleep hoe, go to sleep
If you tired be quiet and go to sleep hoe, go to sleep Bitch it's me again, kickin' in your fuckin' doors
I'm look for dividends, I ain't lookin' for you hoes
You bitch can't comprehend, let me put one in your boo
Let me put one in your bro, so your nigga can't go to sleep
So, lay down bitch, gimme all that you dreamed for
Gimme fancy cars, gimme bling-bling-bling, boy
It don't mean a thing, boy, fuck me and I'm gon' swing, boy
Them Goddamn toys, do you know what I mean, boy? Now if you warring and runnin' from them three-six
niggas
This forty-five gon' give a reason to sleep, nigga
Or bustin' massive 'round from S.K.
My last trip to A-T-L I fucked yo' cascade

A strippin' bitches and I'mma mafucker with a limp
 They call me infer-stripper, sexy, red hoe's pimp
 And quick to sink her on the nigga 'cause this what it's 'bout
 We rob that trick and stick his dick off in his fuckin' mouth
 We Memphis niggas Go to sleep hoe, go to sleep, go to sleep hoe, go to sleep
 If you tired be quiet and go to sleep hoe, go to sleep
 Go to sleep hoe, go to sleep, go to sleep hoe, go to sleep
 If you tired be quiet and go to sleep hoe, go to sleep
 Go to sleep hoe, go to sleep, go to sleep hoe, go to sleep
 If you tired be quiet and go to sleep hoe, go to sleep Go to sleep hoe, go to sleep, go to sleep hoe, go to sleep
 If you tired be quiet and go to sleep hoe, go to sleep North, north, south, south, westwood, orange mouth
 Nigga we be smokin' life, never Ch-ch-charlie Brown
 Memphis niggas in this bitch, pockets swole, ya know we bail
 Hooked up with my nigga 'cris, then we head to A-T-L
 Playas wild, throwin' bows, tellin' chickens, "fuck you hoe!"
 Nigga rollin' out the 'Mo, snortin' that white shit up they nose
 Man this town is like my town, so we stayed and hung around
 Juicy J be high as fuck, catch me in that lost and found Better use common sense, checkin' me out for bitch I can
 still fuck
 And up, get yourself in this clique
 Wet up like tongue licks, behind handcuffed in a slut
 Look, I'm from G-row ward
 Southside niggas throw it up when it's time to get buck
 Niggas in the back of the club postin' up
 Waitin' for a nigga that's new so they can tuck
 Ass in, ain't no askin', it's no tolerance as long bitch check in
 She wit' me, comments will only get you placed eternally resting
 So abide by the code of the streets
 If you got a bitch better keep her on a leash
 'Cause Lil Fate creep in ya home while you gone
 Have you comin' back findin' nutt on yo' sheets Go to sleep hoe, go to sleep, go to sleep hoe, go to sleep
 If you tired be quiet and go to sleep hoe, go to sleep
 Go to sleep hoe, go to sleep, go to sleep hoe, go to sleep
 If you tired be quiet and go to sleep hoe, go to sleep
 Go to sleep hoe, go to sleep, go to sleep hoe, go to sleep
 If you tired be quiet and go to sleep hoe, go to sleep Go to sleep hoe, go to sleep, go to sleep hoe, go to sleep
 If you tired be quiet and go to sleep hoe, go to sleep
