Lakehouse

Of Monsters and Men

Oh, I miss the comfort of this house
Where we are, where we are
Where we are, where we are
The floor under our feet whispers out
Com on in, come on in
Where it all beginsThe tallest man I've ever seen afloat
On a boat, on a boat
On a boat, on a boat
He keeps his only son, goes by
In a bag, in a bag
In a bag on his backCan you chase this fire away?
Can you chase this fire away?We climbed up to the top in worn out shoes
She ran down, she ran down
She ran down to the house
A fox that gains our trust but then breaks it as he walks
Away from us, away from usCan you chase this fire away?
Can you chase this fire away?
In the fall we sleep all day
In the fall we sleep all day(Where we are, where we are)Can you chase this fire away?
Can you chase this fire away?
In the fall we sleep all day
In the fall we sleep all day
