## **Switchfoot**

All attempts have failed All my heads are tails She's got teary eyes I've got reasons whyI'm losing ground and gaining speed I've lost myself or most of me I'm headed for the final precipiceBut you haven't lost me yet No, you haven't lost me yet I'll sing until my heart caves in No, you haven't lost me yet, yetThese day pass me by Dream with open eyes Nightmares haunt my days Visions blur my nightsI'm so confused What's true of false What's fact or fiction after all I feel like I'm an apparition's petBut you haven't lost me yet No, you haven't lost me yet I'll run until my heart caves in No, you haven't lost me yetIf it doesn't break, if it doesn't break, if it doesn't break If - it - doesn't break your heart, it isn't love No, if it doesn't break your heart, it's not enough It's when you're breaking down, with your insides coming out

No, you haven't lost me yet
I'll sing until my heart caves in
No, you haven't lost me yet
'Cause you haven't lost me yet

That's when you find out what your heart is made of And you haven't lost me yet
