Prayed All Wrong

Boys Night Out

Some bizarre solace comes from a life spent living
With the odd promise of a God who's waiting for us all
The hordes of small minded little zealotsDeep down there's a hard-fought feeling that your heart's just giving in
Dreams shrouded in a life-long dealing with a God who's not listening
When it all goes down
Deep down there's a hard-fought feeling that your heart's just giving in
Dreams shrouded in a life-long dealing with a God who's not listening
When it all goes down
When it goes down
Say your prayers, sing along in that too-true hymnal voice
Faith is where nothing's wrong if you never make a choice
When the warmth washes o'er you on that woeful final day
If you're wrong, you're wrong...and you'll never have to feel itDeep down there's a hard-fought feeling that your heart's just giving in
Dreams shrouded in a life-long dealing with a God who's not listening
When it all goes down
Deep down there's a hard-fought feeling that your heart's just giving in
Dreams shrouded in a life-long dealing with a God who's not listening
When it all goes down
When it all goes down
When it goes down
If you wait too long, your heart will detonate
And lay you down a ghost who can't relate
To anyone anymore, it's just not the same
You've prayed all wrong to a God who just can't relate
To anyone anymore, it's just not the same
You've prayed all wrong to a God who just can't relate
You've prayed all wrong, you've prayed all wrong
You've prayed all wrong, you've prayed all wrong
You've prayed all wrong, you've prayed all wrong
