

# Hope (feat. Mark Tremonti)

## Sevendust

I woke today to the strangest thing I have to say  
Reminded me of just the other day, not today  
You heard me say the same thing Again I say no excuses for the other day  
Sorry always seems so hard to say  
I twist the words but still they mean the same old thing but I Don't know how to face today  
No matter how much you think you gave to me  
I don't know how to face the day  
Will you ever forgive me for all that I've put you through? I've changed you see, what's the reason for you  
hating me?  
I try to find another way to make you see, I'm not the same  
You hear me say it's killing me 'cause I Don't know how to face today  
No matter how much you think you gave to me  
I don't know how to face the day  
Will you ever forgive me for all that I've put you through? Save me, save me, save me Inside it kills me  
To know it makes you feel you're hope's gone I don't know how to face today  
No matter how much you think you gave to me  
I don't know how to face the day  
Will you ever forgive me for all that I've put you through? Save me
