Gorgar

Iron Savior

You're runnin' around in the gamblin' hall
Every night it's the same
You're lookin' for something new to play
To win and have fun is your aimA pinball speaks to you
His metal voice is knockin' in your head
But you can't resist, you just have to play
You're just another victim caught in trapGorgar will eat you, Gorgar
Man you'll never win, hey
Gorgar will eat you, Gorgar
But you keep on playin', heyYour blood is boilin', your eyes grow wide
Advance, too late
Gamblin' fever has taken your mind
[Incomprehensible] this fuckin' machine, oh hateYou spend all your money
But you'll never win
You're always a loser
And the robot's voice keeps hammeringGorgar will eat you, Gorgar
Man you'll never win, hey
Gorgar will eat you, Gorgar
But you keep on playin', heyWastin' money for fun every night
Livin' for today, no thoughts for tomorrow
Man you are dead, don't you realize?
Wake up and live before it's too lateGorgar will eat you, Gorgar
Man you'll never win, hey
Gorgar will eat you, Gorgar
But you keep on playin', heyGorgar will eat you, Gorgar
Man you'll never win, hey
Gorgar will eat you, Gorgar
But you keep on playin', heyTilt
