

# Gorgar

## Iron Savior

You're runnin' around in the gamblin' hall  
Every night it's the same  
You're lookin' for something new to play  
To win and have fun is your aim  
A pinball speaks to you  
His metal voice is knockin' in your head  
But you can't resist, you just have to play  
You're just another victim caught in trap  
Gorgar will eat you, Gorgar  
Man you'll never win, hey  
Gorgar will eat you, Gorgar  
But you keep on playin', hey  
Your blood is boilin', your eyes grow wide  
Advance, too late  
Gamblin' fever has taken your mind  
[Incomprehensible] this fuckin' machine, oh hate  
You spend all your money  
But you'll never win  
You're always a loser  
And the robot's voice keeps hammering  
Gorgar will eat you, Gorgar  
Man you'll never win, hey  
Gorgar will eat you, Gorgar  
But you keep on playin', hey  
Wastin' money for fun every night  
Livin' for today, no thoughts for tomorrow  
Man you are dead, don't you realize?  
Wake up and live before it's too late  
Gorgar will eat you, Gorgar  
Man you'll never win, hey  
Gorgar will eat you, Gorgar  
But you keep on playin', hey  
Gorgar will eat you, Gorgar  
Man you'll never win, hey  
Gorgar will eat you, Gorgar  
But you keep on playin', hey  
Tilt
