

Love Zone

Foghat

Into the love zone
Baby, here I come
Night time is the right time
Let me be the one So tired of cryin'
Ain't gonna cry no more
With you, baby, by my side
Love's an open door Ooh, it must be a dream!
Ooh, the love zone I'm in Inside, outside
Can you feel the flow?
It's gettin' closer and closer
Never let me go Ooh, it must be a dream
Ooh, the love zone I'm in
Ooh baby, let me come in
Ooh baby, let me come in I feel my whole world turning 'round baby
What kinda love is this I've found baby? Ooh, it must be a dream!
Ooh, the love zone I'm in
Ooh baby, let me come in
Ooh baby, let me come in I feel my whole world turning 'round baby
What kinda love is this I've found baby? Ooh, it must be a dream!
Ooh, the love zone I'm in
Ooh, it must be a dream!
Ooh, the love zone I'm in, yeah!
