Can't Find It

Smoking Popes

It's hard to be yourself with somebody else
I practice a lot when I'm alone
There was something
I really wanted to show youBut I just can't find it
I can't find it
I can't find it anymoreWe can say all the things we used to say
I recall when we felt that way
There was a time
When you were a part of meBut I just can't find it
I can't find it
I can't find it anymoreI'd come over tonight
But I just can't get over you againAnd sometimes we forget why it ended
And then we have this problem again
There was a place in my heart
Where you once belongedBut I just can't find it
I can't find it
I can't find it anymore
I can't find it anymore
