

Sleeping Like Electric Eels

Kill Hannah

oh no, how the thrill has gone
just age and carry on
hello, hello, hello, hello
were sleeping like electric eels
and looking like a psycho
in a real good dream
oh lets go 'a the controls
we all want to be safe
safe in in magnetic fields
slowly floating still
where are we going?

hello, hello, hello, hello
we're sleeping like electric eels
and laughing at the psycho
in a real bad scene just like we are
we are science fiction wimps
thinking that we're real stunt pilots
that let go of controls
we all want to be safe
in magnetic fields
slowly floting still
