

Only Hell Knows

Vader

Once upon the time
The Gods need a change
Dethrone or destroy
Just to kill the silenceAbove or below
By fire or by Sword
So human feelings
Like hate or disgrace
Why a need to kill, to fight, burn, enslave
Why a need to die...Only Hell knowsBanners flutter proud
The armour is ready
No forgiveness, no mercy
Go now and kill them all!!!Once upon the time
The Gods go to war
Punish or revenge
Just to show the powerAbove or below
By fire or by sword
Obscure feelings
Like faith or treason
Why a need to crush, to grind, to burn
Why a need to rape, to crucify
Why a need to rise, dictate and rule
Why a need to fallOnly Hell knows
