[A. I SOAR ON THE BREEZE][indian]
spirits-flying
I soar on the breeze
mortals-dying
I soar on the breeze
into the sunlovers-crying
I soar on the breeze
demons-sighing
I soar on the breeze
into the sunI'm drawn towards the sun
and then we will be one
my soul will melt into the universe[futureman] It's all a lie
[roman] you will just die
[futureman] so don't give in
[roman] for we can win[B. DEATH'S GRUNT][death]
I am the breeze
the bringer of rest and ease
I am the wind
the forgiver of those who've sinned
I am the storm
I blow the devil's horn
I am the fire
the source of lust and desire
I am the sun
the joining has begun
I am your fate
the guardian at the gate
I am death and I claim your final breath![C. THE PASSING OF AN EAGLE][instrumental]
