Skywalker

Bodega Bodega

Lately, my feet been stuck on the ground,
My heart is heavy, same things everyday keep weighing me down,
I need something to lift me up, when the turbulence is rough,
Praying it's something, the one thing that I need
Yeah,
So I had to get up couldn't stop 'til I get here,
Where you are,
Cause it's you I wanna be around,
You lift my feet right off the ground.Feels like I'm walking on the clouds,
Nothing can bring me down,
You're my Skywalker, my Skywalker,
Up, up and away,
I could stay here for days,
With my Skywalker, my Skywalker.Sky-walker,
Sky-walker,
Sky-walker,
Sky-walker,
Oh baby girl you're my Skywalker.You were that someone,
One that came and changed my world,
Waited my whole life,
Now there's just no other girl,
You're so one of a kind,
You taught me how to fly,
Yeah, so high (so high)Oh yeah,So I had to get up couldn't stop 'til I get here,
Where you are, (Where you are, yeah)
Cause it's you I wanna be around,
You lift my feet right off the ground, baby.Feels like I'm walking on the clouds,
Nothing can bring me down,
You're my Skywalker, my Skywalker (hey-ey)
Up, up and away,
I could stay here for days,
With my Skywalker, my Skywalker,You're my Skywalker,
Sky-walker,
Sky-walker,
Sky-walker,
Sky-walker,
Oh baby girl you're my Skywalker.My heart was grounded, 'til you found it, (yeah)
The world is so clear,
From up here, (yeah)

In the air, (oooh yeah)Hey-eeey,
Feel like,
Feels like,
Feels like I'm walking on the clouds
Nothing can bring me down,
You're my Skywalker, my Skywalker
Up, up and away (up, up and away)
I could stay here for days,
With my Skywalker, my SkywalkerBaby girl you're my Skywalker,
Skywalker,
Skywalker,
Sky-walker
Baby girl you're my Sky-walker.Baby girl, you know you're my, Skywalker.
