

Enjoy and Get It On

ZZ Top

"Oh, I'm makin' my way back home"
Least that's what I told her on the phone
Been a while since I made her smile
And I know she's gonna dig my style
Could you enjoy, baby
Really enjoy, gettin' it on Could I get some may then ala mode
When I come in off her on the road
Do she still have her fightin' gear?
Just one look it's gonna make it clear
She would enjoy, baby
Really enjoy, gettin' it on How does it feel holdin' me again?
She's holdin' on like it gonna never end
Well, I'm home thinkin' I should stay
While I'm here just let me hear you say
Say, you enjoyed, baby
Really enjoyed gettin' it on
