

# Relax (The Last Seven Inches)

## Frankie Goes to Hollywood

It's right time now  
Well, now Relax, don't do it, when you want to, go do it  
Relax, don't do it, when you want to cum  
Relax, don't do it, when you want to suck, do it  
When you want to come, when you want to cum  
Relax, don't do it, when you want to, go do it  
Relax, don't do it, when you want to cum  
Relax, don't do it, when you want to suck, do it  
Relax, don't do it, when you want to cum Cum  
But shoot it in the right direction  
Make makin' it your intention  
Live those dreams  
Scheme those schemes  
Gotta hit me  
Hit me (Hit me)  
Hit me with those laser beams  
Laser beam Relax, don't do it  
Relax, where do you want to come?  
I'm cumin'  
I'm cumin' Relax, don't do it, when you want to,  
Relax, don't do it, when you want to cum  
Relax don't do it  
Relax, don't do it, when you want to suck, do it  
Relax, don't do it, when you want to cum When you want to cum  
When you want to cum  
Come  
Relax, don't do it, when you want to,  
Relax, don't do it  
Relax, don't do it, when you want to suck, do it  
Relax, don't do it
