

# One Way Trip (ft. Kevin Rudolf & Travis Barker)

## Lil' Wayne

Ah, yeah, ah yeah  
Ha ha look Beat the beat up 'til the beat gets punch drunk  
Drown on my flow mothafucka' bring your swimming trunks  
Everybody say they just do it well I just don't  
Times do change mothafucka' well the gun don't  
Woke up this morning with my dick to the ceiling  
Fella sleep with another chick from my building  
Kick her ass out and have breakfast like a mo' fucka I'm with another bitch by supper Yeah me and hate that's  
an odd couple  
Ha ha ha, you niggas fake, you wouldn't pop bubbles  
Ha ha, you can act stupid bitch I'm dumber  
And "T" barker is my motherfuckin' drumma' [Chorus]  
And falling down a land slide  
On a one way trip to you  
You want me to take you for a ride  
Let's see what you can do  
And it feels like oh, oh, oh, oh, ha  
I know just what to do  
Cause I'm falling down a land slide  
On a one way trip to you Uh,  
I've been doing this shit  
And you know what they say about the shoe if it fit  
Ha ha, have a ball til I fall though  
And if I die today, I bet the world end tomorrow  
Its fucked up how you ain't never me  
And I got blind money, money you will never see  
And only in the mirrors where you find the better me  
I make money and my fingers make a letter B  
I'm very sick, very sicker than you  
And when I play sick, I'm Jordan with the flu  
Then I become a motherfucka'  
And my nigga Travis barker is my drumma' motherfucka'  
Lets go [Chorus] Ha,  
I get better with time and time is forever  
So just sit back and watch my time get better  
So check your watch, I'm strong as scotch  
Papa was a rolling stone, I was born to Rock  
Uh, tell it like it is shit  
I don't know when it isn't

To or not to be shit, I don't know my decision  
I don't know how I made it for this long in this condition  
Cause my flow so sick I should of died in the first verse  
Mr. Doctor Carter wit' my hands up a nurse skirt  
Suck me like soup and I'm a eat you like surf 'n' turf  
Ha ha, just let me know when you coming  
And my motherfucking nigga "T" barker keep drummin'[Chorus]
