

Senseless

Richy Nix

I think it's senseless
The way you move your way around me
I think it's senseless
The way you do this every time

They don't want you to win,
They'd rather you drown in all of your sins
You get let down by all of your friends
And all your strength was found from within
Yeah, you know this part,
when the kid with a frozen heart
comes throwin' these molotovs,
while you're ballin' and callin' the cops.
Cuz there ain't no one to stop 'em
Run inside of your houses,
fuckin' duck and hide behind couches
Don't even fuckin' try to come stop us
We're a gang of savage monsters
Every fuckin' time y'all mocked us
And every fuckin' night that it hunts us
We're comin' together, nothin' could be better,
No matter the weather we're comin' to get ya!
We're comin' to get you!

I think it's senseless
The way you move your way around me
I think it's senseless
The way you do this every time

All my life I've been saying,
give it your all through everything
All my life I've been saying,
give it your all through everything

It's worse when it hurts inside,
When every word that we heard's a lie
When murder's the verdict
I will come further to serve you mind
To cure the curse in your eyes
And it might burn at first

but I will make sure to conserve you life,
so quit worryin' about your pride
I'm fuckin' loosin' my mind,
Trying to save the sheep that are blind
The wolves are comin' behind you,
Don't let them fuckin' suprise you,
They try so hard to divide you,
but not this time they won't try to
Cuz we're comin' together nothing could be better,
No matter the weather we're comin' to get ya!
We're comin' to get you!
We're comin' to get you!

I think it's senseless
The way you move your way around me
I think it's senseless
The way you do this every time

All my life I've been saying,
give it your all through everything
All my life I've been saying,
give it your all through everything

All my life!
I've been fightin' just to be happy,
I've been fightin' to be myself
All my life!
I've been fightin' just to be happy,
I've been fightin' to be myself
All my life!
I've been fightin' just to be happy,
I've been fightin' to be myself
All my life!
I've been fightin' just to be happy,
I've been fightin' to be myself

We're comin' to get you!

I think it's senseless
The way you move your way around me
I think it's senseless
The way you do this every time

All my life I've been saying,
give it your all through everything
All my life I've been saying,

give it your all through everything
