

How We Walk

Mando Diao

How would you react
In a situation like mine?
When all birds they ain't singing
I don't know how to say it
But you can go know
So please, girl, go now You make me laugh, you make me shiver
Isn't that a fabulous scene?
Don't be here now don't be here anytime
I'm much wiser now, that's how we walk I saw you in a daydream
Now I'm a jealous guy with aches, babe
I lied to mom about that
You're dealing with a boy, girl
And I'm stepping forward in pain
Come home now, freak me out You make me laugh, you make me shiver
Isn't that a fabulous scene?
Don't be here now don't be here anytime
I'm much wiser now, that's how we walk
I'm much wiser now, that's how we walk Wild Jim and his spoiled kid
They were dancing with the good advice
Nice to meet you, girl, they screamed without confidence
Bless the good ol' boys and the dogs
I replied I didn't waste a soul
So please come on join my chorus line You make me laugh, you make me shiver
Isn't that a fabulous scene?
Don't be here now don't be here anytime
I'm much wiser now, that's how we walk
Yea I'm much wiser now, that's how we walk
