

# Give It to You

G. Love

I don't care what you do  
I only care about you  
And I don't care what you say  
Are you coming my way And I don't care what your mama say  
And I don't care what your papa say  
And I don't care what your friends say  
I'm gonna love you anyway Come on and take a ride  
Come on and take a ride I got to give it to you  
I got to give it to you  
I got to give it to you  
I got to give it to you And I was all out of luck  
You brought me the jackpot all out of luck  
The kissing and the hugging  
On a nervous breakdown I tell you a little something  
I want to thank you, babe  
You kept me from buggin' Well, let me tell you about a girl I met one time  
She got the looks and the books gotta make her mine  
She told me things that nobody ever told me  
And if she taught me well, I learned that I loved All the time we would spend in the night just talking  
The morning I would leave her  
Then I'd come back knocking for you girl  
Always looking for you girl, always looking for you girl I got to give it to you  
All of my loving  
I got to give it to you  
All my kissing and hugging I got to give it to you  
Don't you know I got to give it  
I got to give it to you  
So pretty mama come on with it And I was all out of luck  
You brought me the jackpot all out of luck  
The kissing and the hugging  
On a nervous breakdown I tell you a little something  
I want to thank you, babe  
You kept me from buggin'
