Erotic

Keyshia Cole

I see your smile
Can't help but notice the way you see me
And the way I look at you
I try but I can't stop the way I feel, yeahI want you to come over here and grab my body
So we can dance back and forth
Baby you know I try
But I can't control myself, I really can't, noOoh, ooh, you drive me crazy
Ooh, you make me want you so bad
Baby I try, you complete me
Ooh, you need me, I promiseI walk away and you try to make me feel
That I want hide something from you
I'm so real, yeah
Baby, I can't control myself, I really I can't, noI want you to come over here and grab my body
So we can dance back and forth
Baby, you know I try
But I can't control myself, do it for you tonightOoh, ooh, you drive me crazy
Ooh, you make me want you so bad
Baby I try, you complete me
Ooh, you need me, I promiseThat baby, like that baby, that baby, like that baby
Like that baby, like that baby, that baby, like that baby
Like that baby, like that baby, that baby, like that baby
That baby, like that baby, that baby, like that
Why don't you? Yeah, c'monOoh, ooh, you drive me crazy
Ooh, you make me want you so bad
And baby I try, you complete me
Ooh, you need me, I promiseBaby I want you so bad
Baby I want you so bad, so bad, so bad

Baby I want you so badBaby I want you so bad
