

Mademoiselle

Studio M

Give me your jacket and let me offer you one last drink
Please, why should we?
But before anything happens, let's do something creepy.

Do something creepy, Bring it all on your camera.
Turn it on now.
Do something creepy, come and live in my arms.
We'll be up all night.
Do something creepy, you cannot take your time.
In the backyard, it's about being mine

Sweet, Sweet, Mademoiselle.
Giving me a second chance.
Sweat baby sweat, over again.
Let me join the dance.
Sweet, Sweet, Mademoiselle.
Giving me a second chance.
Sweat baby sweat, over again.
Let me join the dance.

Do something creepy, cloudy rain in your sky.
Sorrows will be kind.
Do something creepy, everything's getting dark.
Over midnight.
Do something creepy, on your knees getting warm.
In the backyard, it's about being mine

No one can say
How much I wish
Mademoiselle
This Magic moment
When you should come
Joining Studio M

Sweet, Sweet, Mademoiselle.
Giving me a second chance.
Sweat baby sweat, over again.
Let me join the dance.
Sweet, Sweet, Mademoiselle.
Giving me a second chance.

Sweat baby sweat, over again.

Let me join the dance.
