Belial's Bride

Prisoner of this house. Empty thoughts of lies. Bleeding eyes are vacant: Knowledge for the mind. Controlling chaos: the life of living lost. To see is iniquity. To love is to die.

Oh, can you feel it? Everybody listen! Silence is screaming,'Sands fall to none.' Embracing memories forever say goodbye. Will we awake after we close our close our eyes?

Bitter tears of sorrow bleed out this pain! Reliving tragedy day after day. My heart cries its warning: My mind betrays my life. My eyes see the things that I can't deny.
We rejected the warning. We delighted our minds. We remained enslaved to the lies...

How can I live with the fact that I've been placed in a world whose father is the devil?
