

# The Night Is Young

## Dev

[Intro]

I turn it up, I, I, I turn it up  
Turn it up, I turn it up, turn it up,  
I turn it up, turn it up, I turn it up  
Turn it, turn it, turn it up[Verse 1]

The sky is purple  
I'm running on turbo  
I got 20 fake bitches  
That I draw in a circle  
And stay away from  
I'm gonna get my bacon  
In the rich sense  
Not the pig sense  
My flow exotic incense  
Intense

I'm doin 90 on the freeway  
Hear me on the radio  
All they do is replay  
I used to turn it off  
Now I turn it up  
They call me Dev[Pre-Chorus]  
I turn it up, I, I, I turn it up  
I turn it up, I, I, I turn it up  
Turn it up, I turn it up, turn it up,  
I turn it up, turn it up, I turn it up  
Turn it, turn it, turn it up[Chorus]

The day is dead  
The night, the night is young  
The day is dead  
The night, the night is young  
The day is dead  
The night, the night is young  
The day is dead (come here baby)  
The night, the night is young  
The day is dead  
The night, the night is young  
The day is dead  
The night, the night is young  
The day is dead  
The night, the night is young  
The day is dead

The night, the night is young  
The day is dead (come here baby)  
The night, the night is young[Verse 2]  
I see you chewing on your upper lip  
Brain fried

Come and take a ride on the mother-ship  
Do you know who you fuckin with  
We the deans list  
Queen bitch

Leave your king speechless  
Spitting your weakness  
It ain't the same  
Wanna piece of my peach  
Press press play  
So here we go

Spending winters on the beaches  
Wide awake

Even when we sleepin[Pre-Chorus]  
I turn it up, I, I, I turn it up  
I turn it up, I, I, I turn it up  
Turn it up, I turn it up, turn it up,  
I turn it up, turn it up, I turn it up  
Turn it, turn it, turn it up[Chorus]  
The day is dead

The night, the night is young  
The day is dead  
The night, the night is young  
The day is dead  
The night, the night is young  
The day is dead (come here baby)  
The night, the night is young  
The day is dead  
The night, the night is young  
The day is dead  
The night, the night is young  
The day is dead (come here baby)  
The night, the night is young[Pre-Chorus]  
I turn it up, I, I, I turn it up  
I turn it up, I, I, I turn it up  
Turn it up, I turn it up, turn it up,  
I turn it up, turn it up, I turn it up  
Turn it, turn it, turn it up[Chorus]  
The day is dead

The night, the night is young  
The day is dead  
The night, the night is young  
The day is dead  
The night, the night is young  
The day is dead (come here baby)  
The night, the night is young  
The day is dead  
The night, the night is young  
The day is dead  
The night, the night is young  
The day is dead (come here baby)  
The night, the night is young
