

# Suck It

## Orgy

I'm fucked up  
It's a quarter til three  
Looking at you  
As you're looking at me  
Pretty baby  
I want you to be...  
Mine Of all the suicide girls  
I picked you  
Because you got a little waist  
And a cute tattoo  
I want you more  
Tonight  
You dirty little whore Don't fight it  
Let me in  
I don't need another friend  
We can fuck the night away  
Don't fight it  
Let me in  
I don't need another friend  
Yeah, we can fuck the night away! I don't want to love you  
(I don't want to love you)  
'Cause baby, you're mistaken that I'm here for you  
I don't want to love you  
(Sex and lies is what I do)  
Baby, you're mistaken that I'm here for you  
So suck it! The party's over  
Now the damage is done  
Your pain is faced left an impression on my pillow  
Talk sick  
Sexies/ One I haven't done  
Swervin' down the hundred one  
You stupid bitch  
Just give me some Don't fight it  
Let me in  
I don't need another friend  
We can fuck the night away  
Don't fight it  
Let me in  
I don't need another friend

Yeah, we can fuck the night away! I don't want to love you  
(I don't want to love you)  
'Cause baby, you're mistaken that I'm here for you  
I don't want to love you  
(Sex and lies is what I do)  
Baby, you're mistaken that I'm here for you  
So suck it! I don't want to love you  
(Suck it! Suck it!)  
Suck it...! Ahah!  
I don't want to love you  
(Suck it! Suck it!)  
'Cause I don't want to love you I don't want to love you  
(I don't want to love you)  
'Cause baby, you're mistaken that I'm here for you  
I don't want to love you  
( 'Cause Sex and lies is what I do)  
Baby, you're mistaken that I'm here for you  
So suck it! I don't want to love you  
I don't want to love you!  
'Cause baby, you're mistaken that I'm here for you  
I don't want to love you  
Se- I don't want to love you!  
'Cause baby, you're mistaken that I'm here for you  
So suck it!
