# Hood Sex

## Keith Sweat

Ha, ha, ha, ha, yeah
Ooh, ooh, ooh
She's got the hood sex, hood sex, hood sex
Yeah, yeah, yeah, yeah
No other girl can make me feel the way that she do
When she put that thang on me and like some kind of voodoo
I cannot fool anything, baby's always got me
Anything, girl, got me on anything
And even though she from the hood
She treat her brother right plus the sex is good
I like how she calls me 'Daddy' when we're sexin'
She holds it down for me and makes me feel like a man
I'm for loving it where the players play
Gotta a lotta homies from up around the way
I got a thang for them girl that be bringin' that
Hood sex, hood sex, hood sex
I'm for loving it where the players play
Gotta a lotta homies from up around the way
I got a thang for them girl that be bringin' that
Hood sex, hood sex, hood sex
You know that girl's got a fatty and she knows it
That's why I'm always lacing her with diamonds and roses
Maybe not to you but to me she's everything
Oh, oh, oh, whoo, whoo
And even though she from the hood
She treat her brother right plus the sex is good
I like how she calls me 'Daddy' when we're sexin'

She holds it down for me and makes me feel like a man
I'm for loving it where the players play
Gotta a lotta homies from up around the way
I got a thang for them girl that be bringin' that
Hood sex, hood sex, hood sex
I'm for loving it where the players play
Gotta a lotta homies from up around the way
I got a thang for them girl that be bringin' that
Hood sex, hood sex, hood sex
Ain't nothin' like a hood girl, she be rockin' my world
Urban kinda street girl, better than them suburban girl

'Cause I give her my paper, she be makin' it shake up
Then I put it to her when my, my baby-maker, maker
Nothin' like a hood girl
She knows just how to rock my world
Ain't nothin' like a hood girl
She knows how
And I like the way she put the thang on me
I'm for loving it where the players play
Gotta a lotta homies from up around the way
I got a thang for them girl that be bringin' that
Hood sex, hood sex, hood sex
I'm for loving it where the players play
Gotta a lotta homies from up around the way
I got a thang for them girl that be bringin' that
Hood sex, hood sex, hood sex
