No Worries (Breakdown Mix)

Simon Webbe

I just know your life's gonna change
Gonna get a little better, moving on the darkest day
I just know your life's gonna change
Gonna get a little further, right up until the feeling fadesSo, is this how it goes?
Think you've come this far and then it'll show
But that aint so, oh no, you don't see where you are
And if you don't wanna look back you'll never know'Cuz you think that you've been livin' just treading water
And waitin' in the wings for the show to begin
But I always see you searchin' as you try that bit harder
And getting closer, oh yeah, to the life you're imagining(I just know your life's gonna change)
Maybe not today, maybe not today
Some day soon you'll be alright(I just know your life's gonna change)
Don't turn the other way, turn the other way
Feels like luck is on your side(Just wanna live)
No worries, no worries
(Don't wanna die)
No worries, no worries(Fight through the lows)
Say it for me, say it for me
(And take all the highs)
We all need somebody(Yeah, you can sink)
No worries, no worries
(Or you can swim)
No worries, no worries(Or walk on out)
Say it for me, say it for me
(Or jump right in)
We all need somebodySo, baby, keep drifting on
Your endeavours ain't just selfless wasted time
Seek and find, yeah, yeah, you're not that far from
What you hoped and wished for all along'Cuz you think that you've been livin' just treading water
Waitin' in the wings for the show to begin
But I always see you searchin' as you try that bit harder
And getting closer, oh yeah, to the life you're imagining(I just know your life's gonna change)
Maybe not today, maybe not today
Some day soon you'll be alright(I just know your life's gonna change)
Don't turn the other way, turn the other way
Feels like luck is on your side(Just wanna live)
No worries, no worries
(Don't wanna die)
No worries, no worries(Fight through the lows)

Say it for me, say it for me
(And take all the highs)
We all need somebody(Yeah, you can sink)
No worries, no worries
(Or you can swim)
No worries, no worries(Or walk on out)
Say it for me, say it for me
(Or jump right in)
We all need somebodyI just know your life's gonna change
Sing for me, sing for me
We all need somebody
