Moonshine Whiskey

Van Morrison

Oh, she give me moonshine whiskey
Oh, she give me southern love
Deep in the heart of Texas
There beneath the stars above
Oh, she give me southern comfort
Oh, she give me moonshine love
Deep in the heart of Texas
There beneath the stars above
Here I am riding on a train
Just about thunder balls down the line
Just can't wait any longer
See that little darling of mine
See that little darling of mine
She's my Texas sweetheart part from Arkansas
Then we're dancing across the floor
And a band was playing, people were swayin', to and fro
Streamline promenade, streamline promenade
And I said, "Wait a minute, wait a minute, wait a minute
I'm gonna take a plane come with me tonight"
Gonna put on my hot pants and promenade down funky Broadway
Till the cows come home, la, la, la, da
Oh, streamline promenade, promenade streamline
Streamline promenade, promenade streamline
Think I'm gonna promenade all night
Oh, she give me moonshine whiskey
Oh, she give me southern love
Deep in the heart of Texas
There beneath the stars above
Oh, she give me southern comfort
Oh, she give me moonshine love
Deep in the heart of Texas
There beneath the stars above
Listen, here we are thinking about time
When I resist here and now and I just want to lie my feet
On a river bed instead can't wait any longer for the sign
I want to get down some time in the water
Watch the fish in the water
Bubbles, watch the bubbles come up in the water
Promenade streamline in the water

Streamline promenade, get funky
Promenade streamline, funky as you want to be, la, da, da
Streamline promenade, well, I feel alright tonight
Streamline promenade
Oh, she give me moonshine whiskey
Oh, she give me southern love
Oh, she give me moonshine whiskey
Oh, she give me southern love
She give me south
