

# Sadistic Release

JFA

I was just a thug on the street  
then I got a uniform it looks real neat  
drafted into the nazi police  
looking for a sadistic release  
I'll cruise the streets looking for trouble  
when I find it I'll make it double  
bash some heads spray some mace  
kick your ribs kick your face  
I'm having fun  
in the sun  
with my gun  
I'm having fun  
I'll crash your party turn in out  
twist your arm until you shout  
gimme a chance and I'll use my gun  
trashing people is so much fun
