Say Yes

Rita Wilson

SAY YESYou've got it all
All figured out now don't ya
The same four walls
Held up by fear to hold ya
Don't hesitate
'Cause there's no perfect place to startChorus:
Let it all in
Let it all go
If you don't surrender you'll never know
Free to fly up
Free to fall down
Head in the clouds right here on the ground
No time to second guess
Just say yes
Yeah yeahCan you believe
In the other side of never
Wake up and see
Your best get even better
Run to us waiting
'Cause it's not too late for youLet it all in
Let it all go
If you don't surrender you'll never know
Free to fly up
Free to fall down
Head in the clouds right here on the ground
No time to second guess
Baby just say yesWhere we slow down every road that trips you up
The sun will find you and remind you
You're more than enoughLet it all in
Let it all go
If you don't surrender you'll never know
Free to fly up
Free to fall down
Head in the clouds right here on the ground
No time to second guess
No it ain't over yet
Come on just say yesYeah yeah
Oh oh, Oh oh, Oh oh
Just say just say yes

Oh oh, Oh oh, Oh oh
Just say just say yes
Oh oh, Oh oh, Oh oh
Just say just say yes
