

From Afar

Without End

If I cannot see you from afar
Look into your eyes, that hint of depth
 Hidden inside
If I cannot hear you from afar
Whisper in my ear, rest assured that
 You are near
And I know not what it's like,
 The afore mentioned
 For the distance between us
As are the stars, I only have you
In my imagination, in my imagination
 Just to love you, from afar
If I cannot kiss you from afar
Press against your lips, taste the sweetness
 Of your breath
If I cannot touch you from afar
Hold you in my arms, keep you warm and
 Safe from harm
Though our circumstances, cause separation
In the absence, there's a presence in my heart
 I will surrender, I'll surrender to my
Quiet contemplation, my quiet contemplation
 I'll just, I'll just love you, from afar
 There must be a better way
 (Ooh ooh)
 A better way of
 (Ooh ooh)
 Of passing the time
I can't seem to get her out
Out of my, get her out of my mind
 I don't know what it's like
 The afore mentioned
 For the distance between us
As are the stars, I only have you
In my imagination, in my imagination
In my imagination, in my imagination
 Just to love you, just to love you
 Just to love you
