

# Every Time She Walks

## Fastball

Listen in

(Listen in)

Listen in

(Listen in)

Listen in

(Listen in)

Listen in

(Listen in)

Listen in

Listen in to the sound all the day stops

Chords keep ringing

I can't believe what I've found

I'm shell shocked, I'm findin' out

When I hear her coming 'round, I drop everything

When I hear her coming 'round, yeah

Everytime she walks, everytime she speaks

I can feel the ground, movin' underneath

And I don't remember how it ever was before

Daylight, it's alright even when she's gone

'Cause it won't be long

I know everything is different

'Cause every time she walks, every time she speaks

I can feel the ground movin' underneath

And I don't remember how it ever was before

Every time she walks, every time she speaks

I can feel the ground movin' underneath

And I don't remember how it ever was before

Everything is turned around and nothing looks the same to me

She is music when she walks she's playing me a melody

Everything is turned around and nothing looks the same to me

Listen in

(Listen in)

Listen in

(Listen in)

Listen in to the sound all the day stops

Chords keep ringing I got my feet on the ground

I'm not losing, losing

When I hear her coming 'round, I drop everything

When I hear her coming 'round, yeah

'Cause every time she walks, every time she speaks  
I can feel the ground movin' underneath  
And I don't remember how it ever was before  
Everytime she walks, every time she speaks  
I can feel the ground movin' underneath  
And I don't remember how it ever was before  
Every time she walks, every time she speaks  
It's like the world is turning just for me  
It's like the world is turning just for me
