

OK Wow (SlagsmÅ¥lsklubben Remix)

Adam Tensta

Yo, what happened to the headlock battle?

(Ok, ok)

You only rap over techno now?

(Wow)So you went to NYC, huh?

(Ok, ok)

Do people even like that sound?

(Wow)

WowNow, when it loops on me

Gotta make it count like two on three

Yeah, 'cause I know that they listenin'

Tryin' to predict what my move 'gon be

(Yeah)Or is that big-headed?

Haven't even dropped outside of my country

I'm only sayin' 'cause they said it

And these people all make it all sound so funny

When you believed in you and nobody ever did

(Yo)Then your record starts to get a little spin

And they go from a "Thumbs up kinda"

To acting like they don't know him

Didn't mean to be in this case and that's with a frown on my face

To make it up I do whatever it takes, psych, you know that I

(Either ain't or hate)Yo, why you still livin' out here man?

(Ok, ok)

You can't afford a place in town?

(Wow)(Heh, ok)

And you don't make money of this now?

(Ok, ok)

(I see)

So that's how I've seen you around

(Wow)

WowYeah

Guess they wanna know if I got what it takes

Even though I reside somewhere foreign

If you're un-American, over that pond, the other side of everything

(And yeah)I could probably run laps 'round

Without me even getting in there dumbin' it down

It is what it seems, I don't do no chaser

If you want it watered down, I can't wager

And I can't hate cha', kinda like the makin' of a robot is

(Is)Well, now I'm his maker
 Wasn't another one that could be done like this
 (This)
 'Til I rained on it, now they wanna look like me in those garments
 Size 9 shoes are the shoes that I walkAnd for your information it'll be a little costly
 Bein' plush like I
 (I)
 Hit my new button up looking like "pow"
 (Pow)Any other 3-letter word that rhymes, 'cept for "why"
 'Cause it's not a question, it's more like "uh"
 Sendin' off of every feelin' that I ever ached
 To say anything less would be out of this strip
 Out of this comic, out of this bi-bi-bitchYo, what happened to the headlock battle?
 (Ok, ok)
 You only rap over house-beats now?
 (Wow)(K)
 So you went to Paris last year?
 (Ok, ok)
 Do people even like that sound?
 (Wow)Oh you wear skinny jeans too?
 (Ok, ok)
 (Oh)
 So that's what's in right now?
 (Wow)(Oh, oh)
 They in the color neon too?
 (Ok, ok)
 Then I ain't gonna say nothin' 'bout it
 (Wow)
 WowYo, what happened to the headlock battle?
 (Ok, ok)
 You only rap on electro now?
 (Wow)So you went to NYC huh?
 (Ok, ok)
 But, do people even like that sound?
 (Wow)Wow
 Well, why you still livin' out here though?
 (Ok, ok)
 You can't afford a place in town?
 (Wow)And you don't make money off this now?
 (Ok, ok)
 Oh, also, that's why I've seen you around
 (Wow)
