

Blister

Quicksand

Kid picked on, love, blinds him
Found, his own girlfriend
It's all he could ask for He has his hands tied up
To persuade, this kid
Had got, it all, too good
Bit, dust and he said "I live for
I live for you" Trust, too much, this, is what, you
Get for this is just another liar
Just another liar He has his hands tied up
To persuade, this kid
Had got, it all, too good
Bit, dust and he said "I live for
I live for you" Trust, bliss, date, faith
Trust, hate, share
Share it all with you I live for you
