

# Lost Dreamers

## Mutual Benefit

Let's take the long way home  
Let's throw away our phones  
We can see stars from here  
Why don't we go back anyway? I wanna forget every name  
So we could be anything  
Dreaming of distance takes  
Where we can finally get away And if we get lost in a dream  
Wasn't it worth all we've seen  
High off from some strange hope  
Why would we ever go back home
