

Love House

Dils, The

Are you ready to do things tonight
That you never dreamed were possible?
Let, let, let's go Love house, house, house Want to visit a house, hmm?
I am ready, anything
Follow me There's love in my house for fun, wee
There's love in my house for you
There's love in my house, you won't be sorry
'Cause I know just what to do I'll be good to you It's Friday night, I'll burn heat
I'm dynamite, just catch me
Nice blow, yeah This is Sam Fox, I have some fun
Whose you are? This is Samantha Love house I'll open the door, come closer
Something good in stone, woo
What you got me for, yeah?
This is Samantha Just knock
I'll be good to you I hope you enjoyed your visit to the house
