

College Girls

The Jude

College girls have fun in the sun
'Til February comes
Oooh it wont be long'Til theyre headed home lovestruck and alone
Just staring at the road
Summer cant be late
Will freshman lovers waitFirst day waking without her love
Cant wait to tell everyone about
Blue eyes, and how he rides the waves
And waves
Woah oh oh ohCollege girls have fun with their friends
On nights that never end
Oooh it wont be long'Til summers gone september is on
And anxious lovers wait
Until the first glance
To fall in love againFirst day waking without her love
Cant wait to tell everyone about
Blue eyes, and how he rides the waves
And wavesCollege girls have fun in the sun
'Til February comes
Oooh it wont be long
'Til theyre headed home
Oooh it wont be longCollege girls have fun in the sun
'Til February comesCollege girls
