

# Think About You

## Blackstreet

Yo, yo, girl  
I take a shower and I think about you  
I put on my clothes and I think about you, yeah  
I read the paper, I think about you  
Fix my dinner and I think about you  
I lay in bed and I think about you  
What I'm I gonna do, what I'm I gonna do? I take a shower and I think about you  
I put on my clothes and I think about  
I drive my car and I think about you  
What am I to do? I read the paper and I think about you  
I fix my dinner and I think about you  
I lay in bed and I think about you  
What I'm gonna do, what I'm gonna do? I heard it said that kisses make the hearts grow closer  
Well, I will never get over the way we were that night  
And I want to get it back  
So if you're out there please listen to this message from me  
Know that I'm right here thinkin' 'bout you  
Hope that you too will another day 'cause all I do is I take a shower and I think about you  
I put on my clothes and I think about you  
I drive my car and I think about you  
What am I to do? I read the paper and I think about you  
I fix my dinner and I think about you  
I lay in bed and I think about you  
What I'm gonna do, what I'm gonna do, baby? Did you hear them tellin' me I must be crazy  
'Cause I'm waitin' on you lately  
That's okay, alright 'cause I need to get you back  
Want you to know that I don't regret  
A single moment I spent on you, my friend  
Thinking 'bout you, hope that you too will another day  
Yeah, yeah, yeah, yeah I take a shower and I think about you  
I put on my clothes and I think about you  
I drive my car and I think about you  
What am I to do? I read the paper and I think about you  
I fix my dinner and I think about you  
I lay in bed and I think about you  
What I'm gonna do, what I'm gonna do baby? Always thinkin' about you  
For me no doubt about you  
I'd rather be alone  
If I can't have you at all, at all I take a shower and I think about you

I put on my clothes and I think about you  
I drive my car and I think about you  
What am I to do? I read the paper and I think about you  
I fix my dinner and I think about you  
I lay in bed and I think about you  
What I'm gonna do, what I'm gonna do? I take a shower and I think about you  
I put on my clothes and I think about you  
I drive my car and I think about you  
What I'm gonna do, what I'm gonna do? I take a shower and I think about you  
I put on my clothes and I think about you  
I drive my car and I think about you  
What am I to do? I read the paper and I think about you  
I fix my dinner and I think about you  
I lay in bed and I think about you  
What I'm gonna do, what I'm gonna do? I take a shower and I think about you  
I put on my clothes and I think about you  
I drive my car and I think about you  
What I'm gonna do, what I'm gonna do?
