Close To You

Fun Factory

Chorus:

You say you're shy girl
just take a look
the lessons of love
and I wrote the book
the book of love is about you and me
the things we'll do
and how we'll be
together forever just as one
the life we live is just for fun
and what you see is what you get
and you ain't seen a damn thing yet
so let me flow just how like
the love you give girl feel so right
so give me a chance to take your soul
I want to take your body
and take control
no way to move
no way to groove
factory bustin' out with a brand new groove
so get it on the dance floor and take control
before I loose my soul

I want to spend my night with you girl
I want to spend my life with you girl
I want to give my life you you girl
I want to be so close to you girl
