Black & Street Intro

Blackstreet

{Yo Black
What's up Street?
Soup's ready
Sure it's ready?
I know it's ready
Is the soup hot?
Too hot
Burnin' hot?
Crazy hot
What's in the soup?
All the ingredients
Talkin' bout the kind of soup Mama would make?
I'm talkin' bout the kind of soup tha Mama would make for the projects
You know what I'm sayin'?
Well let's show them what this soup is about
I think they're ready for it, I think it's time
I think it's time to show them how we roll
'Cause we got control
Control of ourselves and entrepreneurs
Right
So we gotta get the cash
Gotta get the dough
But I want the platinum, I want the multiple
But we gotta give the people what they want
Oh we gonna give it to them, they deserve it, you know what I'm sayin'?
Yeah, no doubt
So that's all}
