

# High

## Lindi Ortega

Gonna get a little bit high today  
Yes, I think I will  
Cause I've got some pain to medicate  
And I'm all out of pills  
What do you say, honey?  
Wanna go for a ride?  
I ain't that sane, honey  
I just wanna fly

Gonna get a little bit high today  
Don't mind if I do  
I'm not into razor blades  
So I'm trying something new  
What do you say, honey?  
Shall we go for a ride?  
I ain't too sane, honey  
I just wanna fly  
I just wanna fly  
Through the clouds in my mind  
I've been down for some time  
So I'm gonna fly  
Get a little bit high

Gonna get a little bit high today  
I've been feeling low  
Gonna watch my troubles burn away  
Watch em all go up in smoke  
Whadya say, honey?  
Shall we go for a ride?  
I ain't too sane, honey  
I just wanna fly  
I just wanna fly  
Like a bird in the sky  
I've been down for some time  
So I'm gonna fly  
Get a little bit high  
Get a little bit high
