That's What I Said

Set it Straight

That's what i said! Did you hear it?
Or were you too busy fucking around with her?
She's taken everything away,
now there's nothing but love and lust,
but i guess that's okay. That's what i said!
Can you hear it? Can you see it in my eyes?
That's what i say to you, 'cause you've got no respect for us. So was it love? Or was it lust?
I guess that's okay, but you won't be missed.
That's what we say to people like you, we know that you are fucking dumb, and we all know that you're afraid.
And you have nothing but ignorance and shame,
but i guess that's okay cause you can learn.
