Always the Same

Useless ID

Are you here to save the world?
The odds are running against you.
Every day the same impression that something will change.
Today I felt so sick when all the warnings got me down.
All we are is a voice without a sound.Face the problem, lead the way to the solution.
Raise your flag in victory
when you lost more than you had.
It's all gone.Now, it's more than a dream and it's dying next to me.
If we had so much more then what would we be fighting for?
Are days go by, we're killing time with so much in our way
But it's always the same.
(Always the same.)I remember when we were faces in the hall.
Now what's left are memories, posters on the wall.
We're getting by with no direction faster than we know.
It feels like we've been winning all along.
No more.Now, it's more than a dream and it's dying next to me.
If we had so much more then what would we be fighting for?
Are days go by, we're killing time with so much in our way
But it's always the same.Let's turn it off (Let's turn it off) and walk away.
I don't want to know what we were thinking.
Let's turn it off (Let's turn it off) and walk away.
No, I don't want to know at all. (No, I don't want to know...)Now, it's more than a dream and it's dying next to me.
If we had so much more then what would we be fighting for?
Are days go by, we're killing time with so much in our way
But it's always the same. (Always the same.)
Always the same. (Always the same.)
