All I Do

Yuna

All I Do
Is think about you
Sleep late and wake up then
I'll just stay in my bed
A little afternoon, I'll go get some food
Call up anyone, to go do something funTell me if there is a way
to fall out of love with you
Cause all I do, I do all day,
Is missin' my time with you
Now that I don't have you,
It's all I doI'll go to dance
Class ends at 9 pm,
I'll go right back home again, ohTell me if there is a way
to fall out of love with you
Cause all I do, I do all day
Is missin' my time with you
Tell me what I should do
Now that I don't have youI'm on my knees, I pray
that I will be okay
You're just a memory to me
But still all I do, all day, is livin' a lie,
thinking what it'd be like if you stayedAll I do,
it's nothing new
yeah it's all I do
is think about you, yeahTell me if there is a way
to fall out of love with you
Cause all I do, I do all day
Is missin' my time with you
Tell me what I should doIt's all I do
is think about you,
it's all I do,
is think about
