

# Chapter Three

## Violet Indiana

I have made it clear that I don't want you here  
Leave me, why can't you see the past now was destroying me?  
I am moving on, this story has all gone wrong Leave now, just say goodbye  
Turn away, don't watch me cry  
Leave now, too much to say  
Don't speak, just walk away  
'Cause I'm in the arms of someone special Over so close the door, I won't love you anymore  
My life is someone new and nothing now involves you  
You can't help me now 'cause I'm in the arms of someone special Leave now, just say goodbye  
Turn away, don't watch me cry  
Leave now, too much to say  
Don't speak, just walk away  
'Cause I'm in the arms of someone special
