Black Pearl

Kandystand

Mother come pick me up
I feel I've lost all that I knew
In this forest full of lies
You're all that's ringing true
Oh, by my world
Black Pearl
Forever my world
Black Pearl
Gather all that's left
Place my fears up on this shelf
Now I feel alive
As I'm no longer by myself
Oh, by my world
Black Pearl
Forever my world
Black Pearl
Oh, by my world
Black Pearl
Forever my world
Black Pearl
