

# Saving Forever for You

[Shanice](#)

I've never been so sure about anything before  
But this loving feeling, gonna be a feeling I feel forever more  
Looking in your eyes, tomorrow's all I see  
As long as there's forever baby, I will always be Saving forever for you, ooh, baby  
You are the only one, I'll ever give forever to  
Love for a lifetime won't do, ooh, baby  
Wanna always stay together, so I'll be saving forever for you You'll be my world as long as there's a world  
turning around  
And you'll be my heaven, baby till the heavens all come falling down  
Look inside my heart, love is all you'll see  
I'll loving you forever baby, leave it just to me Saving forever for you, ooh, baby  
You are the only one, I'll ever give forever to  
Love for a lifetime won't do, ooh, baby  
Wanna always stay together so I'll be saving forever, for you Forever I'll be loving you as long as time passes by  
I'll be there besides you, all through it all, I'll be standing by you  
Looking in your eyes tomorrow's all I see  
Long as there's forever, baby I will always be, needing you here with me Saving forever for you, ooh, baby  
You are the only one, I'll ever give forever to  
Love for a lifetime won't do, ooh, baby  
Wanna always stay together so I'll be saving forever  
Saving forever, for you Saving forever for you, ooh, baby  
You are the only one, I'll ever give forever to  
Love for a lifetime won't do, ooh, baby  
Wanna always stay together so I'll be saving forever  
Saving forever, for you Saving forever for you, ooh, baby  
You are the only one, I'll ever give forever to
