

My Soul To Lose

American Hi-fi

by the sound of your voice
I can tell that you have no choice
falling away
wish there was something I'd say
to take it all back
[chorus:]you shine on what ever you do
the life from the last shooting stars
fall down where ever you are
only a proof
it's my soul to lose
this time
only a proof
it's my soul to lose
no don't make a sound
black shit of rain coming down
washing away

leave me with nothing to say
to take it all back
[chorus]only a proof
it's my soul to lose
this time
[chorus x2]only a proof
it's my soul to lose
this time
only a proof
it's my soul to lose
this time
