

# Boom Boom In The Zoom Zoom Room

## Blondie

Passing the match test? That's some kind of tease  
'Cause everything rests on the moment  
The little flame sees  
Let's go boom boom in the zoom zoom room  
If you get past that brief little flash  
Take down my number with your pencil mustache  
Play truth or dare in the light of a strike anywhere  
Don't follow the fallen already lying down there  
Let's go boom boom in the zoom zoom room  
Boom boom in the zoom zoom room  
I'll be the cause you can champion  
Your scarlet companion and won't it be fine?  
Keeping my head above water  
I'm no farmer's daughter, no clinging vine  
When we trip the light fantastic, a feeling so rare  
It will follow your features aligned by the glare  
Let's go boom boom in the zoom zoom room  
Let's go boom boom in the zoom zoom room  
I'll be the cause you can champion  
Your scarlet companion and won't it be fun?  
I'll keep my head above water  
I'm no farmer's daughter, no clinging vine  
Passing the match test and no one says  
Thank you 'cause they're gone  
Just as fast as a breeze  
Boom boom in the zoom zoom room  
Let's go boom  
Boom boom in the zoom zoom room  
Let's go, let's go, boom boom in the zoom zoom room
