

In Venere Veritas

Him

Let's fall apart together now
Drag the mirrored ball and chain
Drag the mirrored ball and chain

Drag the mirrored ball

Drag the mirrored

Drag the mirrored

Drag the mirrored

Drag the mirrored

Drag the mirrored

Drag the mirrored

Drag the mirrored

Drag, drag, drag, drag

Drag, drag, drag, drag

Drag, drag, drag, drag

Have no

Have no

Have no

Drag the mirrored ball

Drag, drag, drag, drag

Drag, drag, drag

Mirrored ball

Drag the mirrored ball

Drag, drag, drag, drag

Drag, drag, drag

Mirrored ball

Drag the mirrored ball

Drag, drag, drag

Have no

Have no

Have no, have no

Have no, have no

Have no, have no

Have no, have no

Have no, have no

In Venere Veritas

In Venere Veritas

In Venere Veritas

...
